

1

Wordle

- 1. Open your preferred web browser** and navigate to the Wordle web site:
<http://www.wordle.net>
2. Click the “CREATE” button and type the words (or copy and paste them from your word processing program) that you want included in the word cloud. The more times you type a word the larger the word will appear.
3. Change the layout, color, font, etc. to create a word cloud of your choosing. Play with this to get what you want.

**Try Tagxedo if you have used Wordle before (<http://www.tagxedo.com>)
